All Farmers Invited to N. E. M. P. A. Meeting.

The New England Milk Producers' association has invited the farmers of Orleans county, whether they are members of the association or not, to attend the annual meeting of the County association to be held November 17, at 10.30 a. m. in School hall, Newport. Assistant Manager W. P. Davis of Boston will be the speaker.

Similar meetings will be held in other counties in the state on the same day, with speakers from the Central association to discuss the big problems which are before the milk producers of New England. Among the questions which will come up for discussion are whether the present 3.7 per cent butterfat standard shall be retained as a basis for marketing milk and the proposed rating plan under which farmers will be freed from a system which cuts down their receipts in times of the greatest milk production, even though they are not producing more than their normal amount. Both of these factors make big differences in the receipts of every farmer who sells milk.

Sales of milk bring back \$60,000,000 annually to the farms of New England. While only two-thirds of this is sold through the New England Milk Producers' association, as the selling agent of its members, the price received by the other third of the dairy farmers is determined largely by the price at which the association sells. In former years it has been the custom to have the council of the local association, but in view of the magnitude of the milk business and the large questions involved in decisions which will be made at these meetings, it was decided to throw these meetings open to all farmers and to invite them to take part in the discussion this year.

GRAHAM PARDONED BL CLEM- ENT

Received Prison Sentence and Was Pardoned on Same Day by Governor.

Horace F. Graham, formerly governor of Vermont, was sentenced in Vermont supreme court at Montpelier the 4th to serve not less than five years and not more than eight years in the state prison at Windsor and to pay the costs of prosecution, having been convicted on more than 50 counts of larceny while serving as state auditor. The sentencing of the former state executive was accompanied by one of the most tense moments in the history of the court, the judges on the bench seeming to feel a sense of depression and Judge George M. Powers' voice plainly showing the strain as he delivered the sentence, while the court followers were moved by the unusual occurrence.

Ex-Governor Graham was found guilty in Washington county earlier in the year after having made restitution of the greater part of the state funds which he had embezzled.

Governor P. W. Clement, Thursday afternoon, Nov. 4, gave ex-Gov. Graham a full pardon and made the following statement:

"On account of the distinguished service of Gov. Graham to the State of Vermont, and the suffering which he has endured, I feel that he has been punished enough and have issued to him a full pardon."

GOVERNOR'S LETTER

Mr. Graham released the following letter received from Gov. Clement relative to the pardon:

"In 1902 I made a speaking campaign (Continued on Page Six).

Thanksgiving Proclamation.

Governor P. W. Clement has issued the following Thanksgiving proclamation:

"The fathers have left us an annual custom of great worth. The boys who returned from the trenches and the memory of their comrades have preserved it. Thanksgiving is the holiday sacred in its significance. It is exceedingly valuable to pause in this hurried world to do a little real thinking and to reflect upon our opportunities, successes and blessings. Our country each day withstands much complaining and some criticism, and it is well to appreciate its strength, its ideals and its achievements, human and continuous. It is encouraging to note the widespread manifestation of earnest thought and deliberation in striving to determine a procedure that shall quell smoldering difficulties and promote world peace. The more the whole people think, the farther the nation journeys toward constructive progress. Prayer is the survey of our ideals."

"Through this past year the inhabitants of our own state have been blessed with peace and prosperity. Our daily labors have brought us bountiful rewards. We are slowly recovering from the effects of the World war. Law and order are supreme within our borders. Let us thank God for the blessings we have received, look into our hearts and pray that prosperity may continue with us and that the rights of liberty which we enjoy may be preserved to us and to our children forever."

"To that end, I, Percival W. Clement, governor, hereby appoint Thursday, November 25, a day of Thanksgiving and Prayer, and I call upon the people of Vermont to suspend their daily business and to gather in their homes and places of worship in celebration of Thanksgiving day."

What the Red Cross Has Done in Barton.

The fourth roll call now being carried on is not a campaign. It is merely the yearly opportunity for American men and women to pay their annual dues and renew their membership in the Red Cross.

The present program of the organization is important and comprehensive. During the year ending June 30, 1920, to more than 30,000 unfortunate in 150 stricken communities, the Red Cross efficiently gave the relief needed.

In aiding civilian families, in solving such problems as care of crippled children, deserted mothers, financial distress, children's welfare and other domestic distress, the Red Cross extended its civilian home service last year to 600 communities.

Your membership will help to accomplish these things in your own town.

During the past year, the Barton branch, under the leadership of Mrs. W. W. Reiden, has carried relief in some measure to countless homes in Barton.

A house-to-house canvass for food, broths and custards for the sick and
